REASONS FOR ALLOWANCE

1. Claims 1-57 have been cancelled. Claims 58-84 have been added. Claims 58-84 are pending.
2. Claims 58-84 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Independent Claims 58 and 60:

The prior art does not teach a measuring device for determining concentration of a first material in an environment in contact with the device, which first material reacts within the device in presence of a catalyst with a second material to form a third material, the device including: an average vector direction of diffusion of a first material in a critical zone is substantially parallel to an average vector direction of diffusion of the first material in a hydrophilic region.

Independent Claim 59:

The prior art does not teach a measuring device for determining concentration of a first material in an environment in contact with the device, which first material reacts within the device in presence of a catalyst with a second material to form a third material, the device including: at least one critical zone within a hydrophilic region containing a catalyst, wherein the critical zone has a length and an average equivalent radius less than the length of the critical zone, wherein the equivalent radius is obtained by dividing the cross-sectional area of the critical zone by π and then taking a square root of the resulting quantity.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
